### President Johnson Silent on "Strike"

HICAGO, Aug. 17.—Ban John-son, president of the Ameri-can League, to-night said fie could make no statement concerning the future status of Carl Mays until he had more complete reports, when informed of the reported intention of the Boston and Detroit teams to "strike" unless the pitcher be ished because of the death of Hay

President Johnson said he knew of no way by which Owen Bush, shortstop of the Detroit team, could be transferred to Cleveland, a pro sedure which Bush suggested in Boston to-night.

"It is past the time when sales of trades can be made between clubs," said President Johnson, "and a loan of a player to a pennant contender would never be sanctioned by the other clubs. The whole affair is a most unfortunate one, but I can see no way that one club can help Cleveland in its emergency."
